Emaj7/C# Emaj7/C B E B

How much I long for you

Four minutes just to hold you

No one's ever done before

Four minutes just to hold you

The way young lovers do

Four minutes just to hold you as I had always planned to do

As I had always planned to do

Three minutes just to tell you

You're always on my mind

Three minutes just to tell you

Such true love's hard to find

Three minutes just to tell you that you're my favourite one

That you're my favourite one

Two minutes just to lead you

To a place you've never been

Two minutes just to lead you

So far off crime and sin

Two minutes just to lead you into my open arms

Into my open arms

One minute just to love you

Just the way you are

One minute just to love you

My life-time shooting star

One minute just to love you before we have to go

Before we have to go

Let the song become your lover

Why don't you meet me
Right at the dance floor
Where the band plays your favourite song

Cowboy Man

Bring me my cowboy, tell him I'm waiting
Or else my heart will go insane

Bring me my cowboy, he's such a fine guy
It does me harm no words could tell

And ever since the day he rode off
When our hearts and herds were split in two
And ever since the day he rode off
I am waiting for my cowboy man

Bring me my cowboy, tell him I'm waiting
Or else my heart's expecting rain

Bring me my cowboy, he's such a fine guy
It does me harm no words could tell

And ever since the day he rode off
When our hearts and herds were split in two
And ever since the day he rode off
I am waiting for my cowboy man

With his cattle he keeps trekking
From California to Ohio
And the sand of endless valleys
Keeps sticking to his boots

And ever since the day he rode off
When our hearts and herds were split in two
And ever since the day he rode off
I am waiting for my cowboy man
I am waiting for my cowboy
Waiting for my cowboy
Waiting for my cowboy man

Flying Shoes

D
Mile by mile I walked this road

D
Mile by mile I have been told

G
You have to wait for her

G **D** **Bm**
You have to wait till she's back again

A6
Bring me my flying shoes

G **A** **D**
I have to see her again

Turn by turn I rolled a dice
Turn by turn I lost the price
Cannot not think of her
Cannot wait till she's back again
Bring me my flying shoes
I have to see her again

Letter by letter I wrote to her
Letter by letter my ink got blurred
Can't hold this goddamn pen
Can't hold it till she's back again
Bring me my flying shoes
I have to see her again

Song by song I sang to her
Song by song my voice got furred
Can't sing this song no more
Can't sing it till she's back again
Bring me my flying shoes
I have to see her again
Bring me my flying shoes
I have to see her again

Oh all the good times they make me sad
Oh all the good times that we have had
Good bye honey, so long

None of your crying can call me back
None of your crying will open up the sack
None of your crying can call me back
Good bye honey, so long

Just one more kiss before you go
Just one more kiss don't want no more
Just one more kiss before you go
Good bye honey, so long

You've got your kiss the road is calling
You've got your kiss I love you darlin'
You've got your kiss the road is calling
Good bye honey, so long

Well, here's your bag and there's the door
Well, here's your bag go go go go

Next day I took my forty-five

Went to the sheriff and shot him dead
Went to the sheriff, put a bullet in his head
He was no friend, he was no friend

And then I took off to the hills
And then I took off to the hills
And there I hid inside a tree
Where no man can ever find me
Ain't got no friend, ain't got no friend

But someone dropped a dime on me
But someone dropped a dime on me
And so they caught me in my tree
And I had to answer for my deed
He was a friend, my only friend

House Of The Rising Sun

Bm D E G
There is a house in New Orleans
Bm D F#
They call the Rising Sun
Bm D E G
And it's been the ruin of many poor boys
Bm F# Bm F#7
And me oh Lord I'm one

My mother was a tailor
She sewed those new blue jeans
My father was a gamblin' man
Down in New Orleans

The only thing a gambler needs
Is a suitcase and a trunk
And the only time that he's satisfied
Is when he's on a drunk

Oh, mother, tell your children
Not to do what I have done
Not to spend your lives in sin and misery
In the house of the Rising Sun

I got one foot on the platform
And the other on the train
I'm going back to New Orleans
To wear that ball and chain

There is a house in New Orleans
They call the Rising Sun
And it's been the ruin of many poor boys
And, me oh Lord I'm one

I Ain't Be That Person

E
For ten years I've been rambling

A **E**
From town to town I go

E
For ten years I've been rambling

F#7 **B** **B7**
Now I'm rambling home

E
And I'm calling out your name

G#m **C#m**
And I'm knocking at your door

F#m B **A** **E**
For I ain't be that person no more

For no reason I've been travelling
Nowhere I stayed for long
For no reason I've been travelling
Now I'm travelling home
Cause a wayfare needs an ending
And now I'm knocking at your door
For I ain't be that person no more

Many houses I stopped by
Many pretty girls I met
Many houses I stopped by
Disremember what they said
But now those days are over
And I'm knocking at your door
For I ain't be that person no more

I've never been no rich man
Not a penny to my name
I've never been no rich man
What I own I spend
Last dollars on a ticket
And now I'm knocking at your door
For I ain't be that person no more

I know you deserve better
I know a fool I am
I know you deserve better
Let's start all over again
So I hope you will forgive me
While I'm knocking at your door
For I ain't be that person no more
For I ain't be that person no more

And I go to some barroom
To drink with my friends
Where the women they can't follow
To see what I spend
God bless them, pretty women
I wish they were mine
With breath as sweet as
The dew on the vine

Let me eat when I'm hungry
Let me drink when I'm dry
Two dollars when I'm hard up
Religion when I die

Trail Of The Buffalo

Am

Come all you old time cowboys

Am

And listen to my song

C

Please do not grow weary

C

I won't detain you long

Am

Concerning some wild cowboys

Am

Who did agree to go

F

And spend the summer pleasant

E

Am

On the trail of the buffalo

I found myself in Texas

In the year of '83

A well known famous drover

Came walking up to me

Saying, "How do you do, young fellow

How would you like to go

And spend the summer pleasant

On the trail of the buffalo?"

Being out of work right then

To the drover I did say

"Going out on the buffalo trail

Depends on the pay"

But if you'll pay good wages

Transportation to and fro

I think I might go with you

On the trail of the buffalo

Of course I'll pay good wages

And transportation too

If you agree to work for me

Until the season's through

But if you do get homesick

And try to run away

You will starve to death

And also lose your pay

C

Am

On the trail, on the trail

C

Am

On the trail, on the trail

F

E

Am

On the trail

With all his flattering talking

He signed up quite a train

Some ten or twelve in number

Some able bodied men

Our trip it was a pleasant one

Through good old Mexico

Until we crossed Pease River

On the trail of the buffalo

There our pleasures ended

The troubles all began

A lightening storm came on us

And made the cattle run

And we got full of stickers

From the cactus that did grow

All along the path

On the trail of the buffalo

When our season ended

The drover would not pay

He said you lost your money boys

You're all in debt to me

But the cowboys they had never heard

Of a thing like bankrupt law

So they left the bastard's bones to bleach

On the trail of the Buffalo

On the trail, on the trail

On the trail, on the trail

On the trail

Trouble In Mind

Bm
Every day I have
 A **Bm**
This trouble in my mind
Bm
Is the life I live
 A **Em#5** **Bm**
Is it really mine?
Bm **A** **Bm**
And do I feel what they feel?
Bm **A** **Bm**
And do I know what they know?

Cause they don't talk to you

The only thing you know for sure

The show must go on

And every day I have
This struggle in my brain
Is the part I play
Is it worth the pain?
And do I feel what they feel?
And do I know what they know?

Cause they don't talk to you
If you don't know where you belong to
The only thing you know for sure
The show must go on

War On Solitude

I'm ok, I'm all right
Doing great, I'm doing fine

A war on solitude
You're the leader of the troops

Weird Place

G F C

How can we like the weather?
It keeps changing every day
How to like each other?
Everyone feels another way
The world is a weird place
The world is a weird place

How can we take the burden?
Our wills are oh so weak
How to avoid misconception?
Everyone thinks another way
The world is a weird place
The world is a weird place

And you, you are the only one
C Am7/B F
Who gives sense to my life

And you, you are the only one

Who puts a smile on my face, every day

How can we shed a tear?
They taste different every day
How to find each other?
Everyone goes another way
The world is a weird place
The world is a weird place
The world is a weird place
The world is a weird place

What The Rich Said

What did the rich say to the poor?

A **C#m**

Give me your last shirt and be sure

E **B**

I'll come back to take more

What did the soldier tell his wife?

A **C#m**

I'm only killing to survive

E **B**

So i shoot my enemies down

A **B** **C#m**

That's what the soldier told his wife

E **B**

And the torture just goes on

C#m **A**

G#m B **C#m**

And the torture it just goes on

What did the pimp say to the bitch?

Take your clothes off, make me rich

You were meant to sleep with men

That's what the pimp said to the bitch

What did the master tell the slave?

Take a shovel, dig your grave

You were born to work for me

That's what the master told the slave

And the torture just goes on

Goes on and on and on

And the torture it just goes on

What did the priest say to the folk?

Put your money in the poke

It delivers all your sins

That's what the priest said to the folk

What did the logger tell the trees?

I'll bring you on your knees

You were grown to fall for me

That's what the logger told the trees

And the torture just goes on

Goes on and on and on

And the torture it just goes on
